

Here's how our speed fundraising works:

Orders will be collected during the 2 week fundraising. CDs will be mailed out as the orders come in; MP3 downloads will be available immediately. Bamboo and cotton shirt orders, because each is sewn “fresh” as the orders come in and then printed with our patented Intentional design, will be processed at the end of the speed fundraiser and mailed approximately 5-6 weeks later (or less).

At the end of all that, we print the report and mail out cheques to charities/ organizations.

Our target is always a minimum 1,000 shirts and 1,000 CDs/MP3 downloads sold in 2 weeks, so help us reach this goal by telling all your friends and colleagues about this event.

***Note: Because this is a fundraiser and a cheque will be sent out based on the number of shirts and CDs/MP3 downloads sold, all sales are final.**

You can receive credit for future orders, or exchange if we have stock. But no refunds. We're not trying to be mean! We want to avoid a less-than-desirable practice of ordering a great number of shirts to get a sizeable donation, only to have request for refunds of the shirts after the cheques have been written. We do not request money back from charities/organizations we donate to.

Please check the sizing carefully before ordering. Occasionally we might have another shirt in stock that can be used as an exchange, but the bulk of the shirts are SEWN FRESH meaning we sew what is ordered and very little more. If you find your shirt is too big or too small, please try and find another person to gift it to—and gift some positive energy into their life.
